CHAR. S. HARRIS, - - - EDITOR.

Democractic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Post Office as second-class mail matter.

WED. NOVEMBER 5 1902.

DEMOCRATIC TICKET.

FOR CONGRESS,
J. P. HARRISON,
Of Wayne.
FOR RAILROAD COMMISSIONER,
C. C. MCCHORD.
Of Washington.

ANNOUNCEMENTS.

FOR STATE TREASURER.

We are authorized to announce H. N. HENNING, White county, a candidate for the office of State Treasurer, subject to the action of the Democratic party.

THE FIFTH YEAR CLOSES

This, the 62nd issue, closes the 5th year of The News. It seems but a span, but a short while since we wrote our salutary introducing our first effort in newspaper work, setting forth our desire to make The News a factor in advancing the common good in this part of the State. Whether we have kept faith with our promise and whether the paper has accomplished good are questions we leave for those who have kept watch over its efforts and noted the advancement made in this section.

The News has sought to arouse public spirit and to aid in the advancement of our town, county and this entire part of the State. Many of its efforts have been crowned with success. Many have been tramped under foot, but no amount of discouragements have changed its purpose or retarded its clamer for an upward and onward march to better conditions on the part of our people. We have been modest in asserting our views on questions affecting the moral and industrial changes of this section, but with constancy and with all the earnestness of our make-up we have commended every righteous move and every effort to change the environments of business in this part of the State. In this, the closing of, our fifth year, we acknowledge our gratitude to those who have stood so loyally to this publication and whose unflinching support has made it possible for The News to grow in circulation and, we trust, in worth to this section of the State. We also extend our thanks to those who have patronized its columns in advertising and feel that its readers have proven to them that advertising is broad cast upon the waters, that the increase in business follows.

The patrons of our job office have our unbounded thanks and we can only promise, as we have in the past, just what you want on the shortest time possible and for conservative prices.

The News is still growing in circulation and its purposes and aims will be in accord with its past.

We ask an unstinted patronage from the business interests of this section and we pledge a faithful, persistent effort to give full and complete compensation in return.

Rev. G. W. Biggs, a prominent minister of the Southern Methodist Church, stabbed T. J. Garr, the proprietor at a boarding house at Paducah, one day last week. The minister was laboring under the impression that Mr. Garr had struck his child. The latest information is that Rev. Biggs will not be prosecuted.

Consumptives in Indiana have adopted the open air treatment. Fifteen persons, living in Indianapolis, who are afflicted with this disease, slept out during the summer. They claim that their health is improving and the practice will be kept up during the winter.

A new 1-cent postage stamp is soon to be issued, the first of that denomination ever put out by the Government.

ELECTION RETURNS.

LOUISVILLE, Nov. 5, 9:30 a. m.
ADAIR COUNTY NEWS.

New York Republican by 6,000 to 9,000, Indiana Republicans by 25,000. Everything largely Democratic in Kentucky except Boreing for Congress in the 11th.

Signed.

VREELAND.

The above telegram reports only from two doubtful States and shows both in the Republican column. At this hour we have no correct idea as to the results in other parts of the country but feel safe in saying that the next Congress will not be so heavily Republican. Kentucky has swung back in line and rolls up a nice majority in all doubtful districts.

VOTE OF ADAIR COUNTY

But little interest was manifested here in the election, and a very light vote was polled. The county, however, has given its natural Republican majority, the Republicans voting much better than the Democrats.

The following is the vote of the county by precincts:

East Columbia, Boreing, 89; Harrison, 100; Stone, 18.

West Columbia, Boreing, 88; Harrison, 57; Stone, 7.

Gradyville, Boreing, 120; Harrison, 52; Stone, 8.

Cane Valley, Boreing, 147; Harrison, 60; Stone, 17.

Gleuville, Boreing, 68; Harrison, 65; Stone, 10.

Harmony, Boreing, 88; Harrison, 86; Stone, 2.

Knifey, Boreing, 67; Harrison, 26; Stone, 8.

Elroy, Boreing, 66; Harrison, 59; Stone, 7.

Polyton, Boreing, 28; Harrison, 81; Stone, 2.

The returns from Milltown, Keltor, Little Cane and White Oak have not been received up to the time we go to press. Our information is that Milltown cast 97 votes and gave a Democratic majority. The other three precincts gave Republican majorities. Mr. Boreing's estimated majority in the county is placed at from 75 to 400.

Too much bitterness got into the judicial fight in the Palaski district, and Judge T. Z. Morrow and Mr. G. W. Shadon, who were making the fight for the Republican nomination for Circuit Judge, withdrew from the race. Mr. G. W. Shadon, who was a ripe-roaring Democrat a few years ago—attending the State Democratic conventions as a delegate, and if he failed to be placed on the most important committee he would look as sour as a crab-apple. He has always haneked for pie, and it begins to look like he is going to get a slice.

The Rev. Dr. J. W. McGarvey, president of the Bible College of Kentucky, Lexington, last Sunday, with his wife, withdrew from the Broadway Christian church, which he founded, because the congregation, contrary to his views, voted for installing an organ.

Secretary Root has approved the plan to expand \$600,000 to provide reading rooms, gymnasiums and other substitutes for the centers at military posts. A few snake exhibits judiciously included might also make the about cause less noticed.

Mr. Hubert Vreeland, of Jefferson county, is a candidate for the Democratic nomination for Commissioner of Agriculture. He has been Mr. Hall's assistant since that gentleman went into office, making a very efficient helper.

The election is over and we take the opportunity of informing the Republicans of the Eleventh District that Mr. Boreing has certainly been elected. It is not likely that Mr. Harrison will contest.

The National Fox Hunter's Association will be held at Bowling Green, November 10. It promises to be interesting to the lovers of fox hunting, that is those who are fond of running them.

John A. Walton, of Bowling Green, served six years in the regular army, but failed to get killed. Last Wednesday he tried the strychnine route and went out in a hurry.

Much credit is due the Buckeye Herald for pulling Mr. Boreing through.

THE SCHOOL QUESTION.

The most common expression in Columbia for the last 10 days was, "now when is the school to open?" We are in position to know as much of the work and the amount subscribed as any one, we are frank to say, that we do not know the exact amount contributed, but feel safe in saying that we are about a third of the amount of money required to be raised by the Education Board.

In the last week the greatest effort of the can riss has been made by the local committee and the result of that effort is indeed gratifying.

Count this work, with like results, be kept up, we are confident, the school will be closed.

The importance of moving forward with the proposition, until it is crowned with success, ought to be to the people of the town and county.

It takes \$6,000 to close the school.

The amount of money has been well subscribed by the interested parties.

To lose now would be a calamity and to cease work may mean a loss.

"Almost cannot avail,

Almost is to fail."

THE RAILROAD.

Mr. C. L. Cornwell, a surveyor of Louisville, reached Columbia last Thursday night with a crew of men and Friday morning the surveying of the route from this place to Campbellsville will be completed.

The survey seems to be general over the State that the road will be built, and the people of this section have perfect confidence in Mr. Arbill's ability to put the line rapidly as possible.

The Courier-Journal of last Thursday morning, following the survey, was showing great interest in the enterprise.

"Evidence is multiplying that the proposed interurban electric road from Campbellsville to Columbia is only the first of a network of such lines in Central Southwestern and Eastern Kentucky."

Moreover, the road and succeeding ones yet to be built will be built by the Indians.

It was learned yesterday on reliable authority that the greater part of the backing for the Campbellsville-Columbia road is to be furnished by the Indianapolis syndicate headed by John Taggart.

The Taggart syndicate has already started the first of a group of electric lines in Southern Indiana.

Nearly all the necessary options for the right way for the new road have been secured.

The final survey will be made by the 20th of October.

HOT SHOT.

If you give some fellows a talent wrapped in a napkin to start with in business, they would swap the talent for a cold brick and lose the napkin; and there are others that you could start out with just a napkin, who would set up with it in the dry goods business in a small way and then swap the other fellow's talent to it.

Pay day is always a month off for the speedshirt, and he is never able to realize more than 99 cents on any dollar that comes to him. But a dollar is worth 100 cents to a good business man, and he never spends the dollar.

I always lay it down as a safe proposition that the fellow who has to break open the baby's band for courage toward the last of the week isn't going to be any Russell Sage when it comes to trading with the old man's money.

Who I was a young fellow and out of a place I always made it a rule to take the first job that offered, and to use it for bait. You can catch a minnow with a worm, and a bass will take your minnow. A good fat bass will tempt an otter, and then you've got something worth skinning.

Adam invented all the different ways in which a young man can make a fool of himself and the college yet at the end of it all it's just a trifl that doesn't change his looks.

There are times when it's safest to be lonesome. Use a little common-sense caution and conscience. You can stock a store with those three commodities, when you get enough of them. But you've got to begin getting them young. They ain't catching after you toughen up a bit.

Seeing the world is like charity—it covers a multitude of sins, and, like charity, it ought to begin at home.

The only animal which the Bible calls a patient is an ass, and, like that, both good doctrine and good natural history.

You must learn not to overwork a dollar any more than you would a horse. Three per cent is a small load for it to draw; six, a safe one; when it pulls in ten for you it's working out west end you've got to watch to see that it doesn't buck; when it makes twenty ponies a lame good critter or a mighty foolish one, and you want to make dead sure which, but if it draws a hundred it's playing races or something just as hard on horses and dollars and the first thing you know you won't have even a carcass to haul to the glue factory.

EASY DIVORCE DANGER.

Easy divorce means a lone marriage tie. It means that husband and wife, instead of bearing with one another's shortcomings, instead of seeking to accommodate themselves to the small, unceasable disappointments or irritations of married life, rush off to court and ask release.

Forty-one divorce cases were on the docket of Hart Ill. of the New York Supreme Court yesterday. One hundred and thirty undefended divorce separations and annulment of marriage cases have already been placed on the calendar for November and new cases are scheduled every day, says the New York American.

Doesn't a proportion of these suits are the outgrowth of intolerable wrong and incurable misery, but it is also certain that many of them would never have been thought of were it not that the idea of divorce has become familiar to the American mind.

Were divorce difficult, were it accompanied by deep social odium when lightly sought, fewer young men and women would enter the marriage state with the reserved intention of quitting it should perfect happiness not result.

The chaos of our divorce laws is a national shame. There should be uniform throughout the Union. Here it is work for Congress if the state cannot be brought to do their duty.

Public opinion must be respected by lawmakers of course, and public opinion in the United States does not take the religious view of matrimony to a

marriage—a bond that should be broken only by death, or at most because of unfaithfulness. But there is a public opinion growing in favor of a nearer approach to the religious view—in favor of lessening the number of legal causes for divorce and surrounding the court processes with much stricter guards against collation on the part of husbands and wives who wish to separate merely that they may take other mates.

KNIFE DAY.

Fine fall weather and farmers about through sowing wheat.

The county road from the river to Kandy is receiving a general working.

The Teachers Association was not largely attended but they seemed to have an interest equal to the occasion.

Dr. J. C. Goss has been on the sick list for several days.

Mr. J. H. Tucker finished his corn gathering last Saturday.

Mr. Sid Dunbar was here last Sunday.

Mrs. Barnes died at her home, near Reiley, Oct. 25. We failed to learn the cause of her death.

Mr. Redford will remove to the W. Boyd place.

Mr. L. E. Cheif moved into his new store house.

Mr. Bob Gilpin, traveling salesman, called on merchants one day last week.

Mr. S. K. Humphries will remove his stock of goods to the house which was occupied by L. B. Shelf.

Mrs. D. Jones attended the Teachers Association at this place last week.

Mrs. Arabella Jones died at her residence on Green River, Oct. 23. She was the wife of Rufus Jones and a daughter of Jack Workman. She was a middle aged woman and had been troubled with heart trouble for several years. She leaves a husband and six children. We extend our sympathy to the bereaved family.

Mr. Thos. Conover has bought a house from Low Redford and is moving in it.

SAM JONES AT PADUCAH.

"Listening to doctrinal sermons is like eating cold potatoes without water. They simply don't go."

"The forces of sin stand together, but church people are divided. Let Methodists, Baptists, Episcopalians, and Hebrews in this town stand together against immorality."

"Go down next Monday and sit up with the council and feel their pulse, and see if there is any green in their eyes. Tell them about the resolutions endorsed by 6,000 people here last night, and tell 'em what you expect of them."

"Your county judge needs a dose for licensing the dirty places in this town, and your council needs a dose."

"You take your leading men of this town, and haul your roll in wealth and have mahogany furniture, all made in the liquor business. And you poor devil of working men, support them."

"The negroes in this country have spent enough for whiskey since the war to buy all of them comfortable homes. I would stand before I would take money that comes over a saloon and buy mahogany furniture with it. A thief is so much better than a whiskey dealer, that he ought to be licensed to preach to the whiskey dealers."

"If you laboring men will go home and look at your kin spouses and poor furniture and think about the mahogany furniture of those rich whiskey people you will get so mad that you will get you a kicking machine and back up against that furniture."

"It has been said that the effects of the meeting will die out, but if it does it will be your cowardice. The effects have not died out in other places."

"You can't even let the little bankers come down here without getting them drunk. I have no more respects for a banker than a bum if he drinks whisky. Both a sensible speech that

was made at that bankers' banquet on 'Sweet Old Kentucky.'

"But I have saved my text until the last, and here it is:

"What waits I for? my hope is in God."

"Some people are waiting to talk about this matter of religion. But talk never did accomplish anything."

"Others say I am waiting to think about it—there is no use to think about anything so plain. Others say they are waiting for the church to get right. If that is what you are waiting for you will be in hell a-fryin before that happens."

"Some say the hypocrites are in their way. If a hypocrite is in your way he must be ahead of you. Get in the lead and he won't bother you."

"Others say, 'I am waiting to be fitted.' If that is what you are waiting for, you would be in hell a thousand years before you are fitted. This is as idiotic as a man refusing to come out of the rain until he gets dry."

FROM KANSAS.

BELLE PLAINE, Oct. 25, 1902.

Editor of the News:

Thinking perhaps you or some of your readers would like to have a line from this place, I thought I would drop you one or two.

First, I wish to correct a statement I saw in your paper two weeks since, which was, a snow storm and sleet was raining in Central Kansas. We have had no snow as yet; been warm and nice. Even up to now our wheat is looking just splendid—almost hide a rabbit.

The cattle are now grazing on the wheat and will run on it till Spring and will get big fat, just as fat as if running on grass in mid Summer. Our wheat crop was a little short this year, made from 12 to 15 bushels per acre. Our corn is good, will make from 40 to 60 bushels, county average. This is a fine country. Land has improved considerably in the last two years. It is now worth from 40 to 60 dollars per acre and hard to buy at that price. There is no draw back to farming here, the scarcity of farm labor. I have been paying \$1. and \$1.50 per day all the Fall and have 5 hands working at that price.

Well it will soon be election time again and I hope the Democrats in the old 11th will come out and put the X under the rooster. I think Democratic principles are right, and I am going to make my X under the rooster.

Any time I can serve you at this place, call on me; will be glad to do anything I can for you and your valuable paper. Regards to you and all Kentucky friends.

S. B. PRICE.

FAMOUS BUILDING.—Mr. J. W. Duff, who lives on the Jesse P. Murrell old farm, a few days ago tore down the famous Murrell school-building and will use the logs in a new barn. The timbers of the old building were in a remarkable state of preservation, and the logs are as perfectly sound as the day they were built into the house. They are of yellow poplar and are about one hundred years old. This was probably the most historic religious building in Barren county, and the home of splendid men and women at one time pupils of the great teacher, but now scattered all over the United States, will learn of its passing away with sincere regret. Of late years, many of those taught within its walls have returned to the schoolhouse and carried away chips and pieces of logs as mementoes of long ago—Glasgow Times.

After suffering a broken neck and the displacement of all the ribs in his right side, William Hall, of Danville, Ill., walked to a street car line, half a mile distant, and rode to his home where he alighted without assistance and walked to his home, two squares away. A few seconds after the arrival of a doctor he expired.

THE CONFEDERATE HOME.—At Pewee Valley was dedicated Thursday and was formally received by Gov. Beck. The exercises were attended by veterans from all parts of the State, who manifested the greatest interest in the institution. Col. Bennett H. Young was elected Major General commanding of the Kentucky division, United Confederate Veterans, succeeding J. M. Poynt.

Dr. C. Edwin Poynt, who was shot in a duel with John Siler, at Paint Lick, died of his injuries.

Robert Annie, a young man, was killed by falling dirt while at work near Pleasureville.

There are only 15 millionaires in Great Britain and one in Ireland—last year this would appear to be so from the official income tax returns lately issued, says the London Mail.
